

The New Energy Bill

Congress is reworking legislation that addresses the nation's electricity transmission problems. What's in the new energy plan?

- 
- ▶ Blackouts outlawed
 - ▶ Reddy Kilowatt to come out of retirement to address crisis
 - ▶ Improvements in power grid to more efficiently divert blame for electricity outages to Canada
 - ▶ Americans asked to no longer pour electricity directly down drain
 - ▶ Total deregulation of industry to free up companies to invest profits in updating the power grid
 - ▶ Turning off blender when leaving the house now enforced by law
 - ▶ Rolling blackouts to be renamed "Olde Tyme Nights"
 - ▶ Have some sub-committee check into solar panels and wind machines and all that crap
 - ▶ "Back-up" power plants to be built on every fourth city block
 - ▶ Every U.S. citizen will be issued case of Sterno and a pistol
